The assembly area is under the road bridge near the intersection of David Morrison Way (side entrance to Masters hardware) and Sinnathamby Bvd. Cars have parked on the road verge, on the western side of Sinnathamby Bvd North of the gate, previously (we are not sure how legal that is though). Best route to the assembly area is down the taped route from near that gate. Very nice if wet or sunny.

The start and finish are adjacent to the assembly area.

All courses have less than 4% climb and have water at control sites. Water is also available at the assembly area.

Please enter the course that suits you taking into account the weather (heat).

The more runnable areas have been used for this event.

Please pre enter to ensure you receive a pre marked map. A small number of pre marked maps will be made avail for newcomers.
