**TTOC: JCU Urban Adventure & Sprint Night**

Time to step out of your comfort zone and try either an Urban Adventure (Score) or Sprint Event on the JCU Campus !

Urban Adventure - a 45min Team or Individual Score Event, just like your Strand Adventure, with some puzzles and lots of CP's all around the buildings and grounds of JCU but 45mins means you might have to move a bit faster if you want to get the usual number of points !!

Sprint Event - are you ready to try a more traditional cross-country sprint event ! You can team up with a mate or go it alone, your aim is to follow one of the set courses, collect all the mapped CP's in order and get back as quickly as you can. All in the safety of an urban environment (within the JCU ring-road). Sprint does not mean you have to SPRINT, sprint means a short and challenging course, you can walk or womble if you want !
