Andy is setting the courses:

Score: The main attraction will be a Score event where you have 45 minutes to collect as many controls as possible. This will be a pure MapRun event with no flags hung out; you will need MapRun installed on your phone to get a result. We will give you a conventional paper map showing all controls.

Easy: We will also offer an Easy(ish) conventional line course for novices and youngsters which will have flags hung out (but no clippers) and use MapRun for results. It will avoid roads with vehicle traffic, however it will be necessary to cross a lightly trafficked road to get to and from the Start/Finish.

Note we generally do not accept payment in cash, you will need to wave a credit card or your phone.

Ideally please register your intention to attend here <https://forms.gle/59EraDoWmcW9RKqF6> or you can register on the day.
