Want to Learn to Orienteer?

This program will run every Sunday afternoon in February. It's for anyone who wants to learn to orienteer - all ages are welcome.

The sessions run for an hour each week and will be run in small groups. Each session will focus on different skills and give participants plenty of opportunities to have fun exploring techniques to build confidence in using a map to navigate. Each session will be followed by a club event so you can practice your new skills! These events are listed separately on the Eventor calendar, and you need to register for each one you wish to attend. Payment is made on the day, so if you have chosen the package deal you will not have to pay for event entry.

Learn to Orienteer is a National program aimed at all ages
