\*\*\*\* THIS EVENT HAS BEEN POSTPONED to 25 May. Unfortunately it cannot be accessed in this wet weather.

Come for a run on our brand new map, 'Jericho', near Crows Nest. Newcomers are always welcome, with courses suitable for all ages and abilities. Club Compasses can be borrowed, SI sticks for electronic timing can be hired.

'Jericho' is a 1:10000 scale, undulating to steep spur gully map with scattered rock and a complex creek system. While some areas are grazed, there are some areas of long grass and seeds, so leg covering is recommended. To minimize the spread of weeds, could you please ensure your shoes and equipment are seed/weed free on arrival, and cleaned again before your next event.

You can go out on your own or in a group. Compasses can be borrowed, and SI sticks for electronic timing can be borrowed.

There are 7 courses on offer to accommodate all navigation and fitness levels:

Very Easy (VE): 1.8km

Easy (E): 1.9km

Moderate 1: 4.2km

Moderate 2: 3.2km

Hard 1: 6.9km

Hard 2: 4.6km

Hard 3: 2.7km

The Hard 1, Hard 2 and Moderate 1 get to visit the cave ?

Please note that registrations close THURSDAY at midnight, to allow for map printing. If you miss the cutoff date, please email [rroc.oq@gmail.com](mailto:rroc.oq@gmail.com). You may have to make do with a map from the portable printer.

Location: 'Jericho' is at the end of McLean Rd (turn west off the New England Highway, just north of Pechey, signposted to Goombungee), then take the second left into McLean Rd and follow to the end. It is a good gravel road. Allow 25 mins from Highfields and 15 mins from Crows Nest.
