This will be a fun way to explore central Warwick. There will be a 1 hour time limit and you have to find as many control sites as you can in this time. At each site, you have to answer a simple question to prove you've got to the right spot.

Afterwards, we will have a sausage sizzle and short club meeting and scial gathering to round up the year.

The event will be in the north eastern secrion of Leslie Park on the corner of Palmerin and Albert Streets, across the road from WIRAC and starts will be from 10am to 11am.

Bring along a chair and drinks. There is some shade under the play area.

The cost of $5 will include the sausage sizzle.
