Level 1 MTBO Controller Workshop

Saturday 13th June 2026 00:00 - 00:00 EST

Classification	Club event
Discipline	MTBO
Classes	Participant
Status	Entries opened
Organiser	Orienteering Queensland

Facilitators: Mark Petrie, Craig Steffens
Topics will include:
- how to plan good courses and avoid errors
- how to make courses fair, and suitable for various cohorts
- safety and risk management
Understanding how a controller thinks is also a great way of improving your orienteering skills!

Attending the workshop is one of the tasks needed to be accredited at Level 1. The other main requirements are to:
- be Course Planner for an event*
- be Organiser for an event*
- complete Officiating General Principles Course online
*These tasks must be undertaken in the previous 8 years (see accreditation form link below).

After attending this workshop and completing the appropriate Level 1 tasks, participants may complete the accreditation form and email it to technical@oq.asn.au
