Come and try orienteering in a fun and friendly setting. This area is laced with connecting paths and streets, ideal for Urban Night Nav. Roll up to register (it's free!) around 6:00 pm for a mass start at 6:30 pm. You'll get some instructions, a map, and an electronic finger stick to record your run. At one-minute-to-go you look at your map and decide how you are going to collect your controls, 8 or 12 or 16 depending on your course (short, medium, long). You'll need a reasonable pair of walking/running shoes and a small torch or head lamp.
