Note this Tuesday is a Line course meaning you need to do the controls in a specified order. It is also our last event in this series before moving a little further North for summer. It will be a mass start and expect fairly easy navigation but lots of pleasant running. The courses have been made as friendly as possible. Note the following courses will be available:

**Short:** 2.3km. Perfect for kids and families and 4wd stroller friendly. No roads to cross and contained wholly within the park. Easy to Moderate Navigation

**Medium:** 3.8km. Some longer running legs but all within the park. No roads to cross. Twice runners will need to go under a major road. Very suitable for inexperienced older kids who want to try one by themselves. Moderate Navigation.

**Long:** 5.5km. As the name suggests, longish. But also all within the park except one possible short route road choice. Moderate Navigation.
