Concept

The Mini Rogue Adventuregain is an event where teams of two compete to collect as many checkpoints as possible over a set time period. The Mini Rogue involves multiple stages of the traditional adventure racing disciplines of trekking, mountain biking and kayaking where teams must navigate through the course using a map and compass on a route of their own choice. Each stage is effectively its own small rogaine where competitors may attempt to collect as many or as few checkpoints as they wish, making this event achievable by all levels of athlete. Strategy, navigation and perseverance will play just as a significant role as raw fitness. The Mini Rogue will cater for all levels of athlete, with a Novice-specific course designed to get those new to rogaining and adventure racing addicted after just one race. Likewise there will be a Normal course catering for persons that have tried adventure racing before and are up for the challenge.
