"Browndog Challenge"

Rules are simple

- An 8.439km circular course will be mapped out starting and ending at Location to be Advised
- You will have 6 hours to complete 5 loops (5 x 8.439 = 42.195k marathon)
- You do as many loops as you want to or can in that 6 hours (just walk one if you want)
- There will be a number of checkpoints to ensure you do full distance
- You must be fully self supported - take own water snacks etc.
- Given map but easy to read and no compass required
- You must comply with any other rules that I decide on
