This is a score event, usually between 25 - 30 controls. The aim is for everyone to get 60mins of exercise. Aim is to collect as many control points in the hour. Fast runner teams with good navigators will often cover 11.5-12km, normal teams probably average 8km, younger teams and poorer navigators 5-6km in the hour. Points are allocated for each control - but you start losing points if you're back after the hour.

It's fast and fun for everyone!
