EVENT POSTPONED BECAUSE OF FORECAST BAD WEATHER

Today's event is a combination of Park Orienteering and suburban Street Orienteering using many reserves and patches of bushland.

We are using Discovery Park and Helensvale State School for the short and easy courses, as we did back in March, but the street courses use the previously unexplored northern and western areas of Helensvale.

You may complete your course on foot or on a Mountain Bike or other sturdy bicycle. You will need to be able to lift your bicycle over a low fence.

Please download and share the Flyer for this event.
