Welcome to the 3rd event of our Summer Sundown Street Score Series for 2014/15. Each event is a mass start Score event (get as many as you can) over 60 minutes run during twilight on a map with streets and bush trails. Pre-marked maps are handed out at 5:59pm. We start at exactly 6pm and finish at exactly 7pm. Each control has the same value - 1 point. Clip the most controls to win. You may run as a team, but this is not a team event like a rogaine.

This event is not suitable for unaccompanied young orienteers; we are not offering a Park course or any Easy courses. All courses run across and along streets and through hilly bushland tracks. The courses are relatively straightforward, but you will be running at dusk and after dark, so they will be more challenging.

We are using our IOF colour map at 1:15,000 of Pacific Pines, next to the Motorway in north central Gold Coast.

You may complete your course on foot or using a Mountain Bike or similar sturdy bicycle.
