This is the first of our 3 race series. There is an easy course along the edges of the creek, which does not go along any bitumen roads, but is not completely within a park area. The Short, Medium and Long are all scatter courses, where you collect all the controls in any order. The given distance is the distance you will cover if you take the shortest route. The courses are a bit long, but there is minimal climb (20m on the short).
