5.8. Corporate

5.8.1. External charges for goods and services provided by OQ to the Conference/Corporate market -- including map sales, coaching and other sales of skills -- shall be maximized having due regard to the capacity of the market. Charges for corporate activities must cover all costs involved along with a levy per participant as set by the Management Committee.

Currently this levy is suggested to be \$5.00 per participant. Pre-approval must be obtained from the Management Committee before such activities are conducted.
